

INTERNSHIP COMPLETION LETTER

Official record of successful internship completion

STUDENT

ABDUL SAMI UTHWAL

CERTIFICATE ID

DFL-INT-2026-1360

DURATION

9 Weeks

DOMAIN

AI Engineering

This is to certify that ABDUL SAMI UTHWAL has successfully completed the AI Engineering Internship at DEVFORGE, conducted from July 3, 2026 to August 31, 2026 under Internship ID DFL-INT-2026-1360.

During this structured internship, the student completed guided learning modules, practical assignments, and a final project covering guided learning modules, practical assignments, professional workflows, final project development, and portfolio-ready internship outcomes.

The student demonstrated commitment, learning consistency, and practical understanding of modern professional workflows. This completion letter is issued as an official record of participation and successful completion of the internship requirements.

Throughout the internship, the student applied theoretical knowledge to practical tasks, followed project requirements, and strengthened problem-solving abilities through consistent hands-on work. The completed assignments reflect growing confidence in planning, implementation, testing, and presenting professional solutions.

The student also demonstrated responsibility, adaptability, effective communication, and a positive approach to feedback. DEVFORGE recognizes the effort invested during the program and wishes the student continued success in future academic and professional endeavors.
